

# THE HIGH C

Compliant, analytical, melancholic, the C  
Methodical, courteous, complete accuracy,  
restrained, diplomatic, mature and precise  
Accurate, systematic, those standards are nice.

Planning and organizing done to perfection  
The smallest detail is no exception  
Consistently clear and objective thinking  
Gives the team top-notch results without blinking.

And when it comes time to make a decision  
You'd best have the facts to accomplish the mission  
The C at your side with all the correct facts  
Will assure the return on your investment won't lack.

Go by the book, follow the rules  
Procedures are written, use the right tools  
Standards are crucial, both now and later  
In God we trust, all others use DATA!

- Randy Widrick
